THE PURPOSE OF EDUCATION

At Eagles, we are mindful of Mwalimu's immortal words:

"The purpose of expenditure on education must be to equip Tanzanians with the skills and knowledge needed if the development of this country is to be achieved. But this policy means that some of our citizens will have larger amounts of money spent on their education, while others have none. Those who receive this privilege therefore have a duty to repay the sacrifice which others have made. They are like the man who has been given all the food available in a starving village in order that he may have strength to bring supplies back from a distant place. If he takes this food and does not bring help to his brothers, he is a traitor. Similarly, if any of the young men and women who are given education by the people of this Republic adopt attitudes of superiority, or fail to use their knowledge to help the development of this country, then they are betraying our Union".

*Mwalimu Julius Kambarage Nyerere
addressing Parliament, 1966.*
